Voter approval of Proposition 98 in November of 1988 requires that each school publish an annual School Accountability Report Card (SARC) to explain school programs, their costs, and effectiveness. In addition, Federal No Child Left Behind legislation requires an annual report of progress in meeting State and National objectives. This annual report is based on the best data available at the time of publication.

Principal's Message

Welcome to our School Accountability Report Card for College View Elementary School. This report card reviews the successes of the 2003-04 school year and other interesting information about our school such as student achievement data from the state's STAR testing, our Academic Performance Index score, staff training focus areas, parent involvement opportunities, as well as new information required by the federal No Child Left Behind Act.

At College View, our goal continues to focus on increasing student achievement through a standards and assessment driven instructional program. We are committed to monitoring your child and providing instruction that will meet his/her needs. A home school partnership is integral to the success of our students at College View. Parent involvement is essential to making your student successful. We highly encourage you to assist your child, monitor his/her progress, and become involved in his/her education. With your involvement and support, each school year will be a tremendous success. We look forward to working with you and our community.

-- Susan Kemp, Principal

School Mission Statement

The mission of College View School and of the Ocean View School District is to provide all students with a high quality educational program which: meets their individual, social, emotional, and physical health needs; creates a school environment that will best promote the learning necessary for each student to acquire maximum knowledge and experience; and fosters in each student a feeling of personal worth and philosophy that encompasses worthy moral and ethical values, and sustains a growing awareness of our interdependence with society and the environment.

District & School Profile

Located in western Orange County, minutes from the scenic California coastline, the Ocean View School District educates more than 10,000 pre-kindergarten through eighth grade students in the northern half of Huntington Beach and portions of Westminster, Fountain Valley, and Midway City. Founded in 1874, the District is proud of its long tradition of academic excellence. There are currently eleven elementary schools and four middle schools in the District. Students from Ocean View School District attend high schools within the Huntington Beach Union High School District. Award winning schools, a rigorous and supportive educational program, strong community partnerships, and high levels of parental involvement are hallmarks of the Ocean View School District. Ocean View School District is dedicated to educational excellence and the continuous academic growth of all students, supporting its motto: "Charting the Course -- Success for All."

College View Elementary School, a California Distinguished School, serves nearly 600 students on a traditional school calendar year. Our goal is to nurture the whole child by creating a community of learners supported by strong parental involvement, a safe and positive school climate, and where all activities promote academic achievement, personal growth, and high self-esteem.

% of School Enrollment by Ethnic Group

No Child Left Behind

Title I funding plays a critical role in the landmark education act popularly known as No Child Left Behind (NCLB). Title I is federal money used to support additional staffing and programs to meet the needs of low-income, low-achieving students and other designated students with special needs. College View Elementary School meets specific criteria for federal Title I targeted assistance eligibility and uses Title I funds to assist students at risk of failing to meet the State Board of Education standards. NCLB requires evaluation of student performance schoolwide, districtwide, and by specific subgroups within the student population. A profile of our school and District's enrollment, as defined by these subgroups, is provided to assist in interpreting information presented in this report card. The enrollment of significant ethnic subgroups is located on page one.

*Source: STAR testing enrollment.

School Leadership

Leadership at College View Elementary School is a responsibility shared among District administration, the principal, instructional staff, students, and parents. Assisting the principal is the Principal's Advisory Council, comprised of grade level representative teachers. This team meets monthly to address issues such as staff development needs, student achievement, and maintaining a positive school climate. The team members act as communication liaisons whereby they bring ideas and issues from their colleagues to be discussed in an open forum.

Staff members and parents participate on various committees that make decisions regarding the priorities and direction of our educational plan and to ensure instructional programs are consistent with students' needs and comply with District goals. Our school's committees and organizations include: School Site Council (SSC), English Learners Advisory Committee (ELAC), and the Parent Teacher Association (PTA). At the District level, parents participate on the Instructional Advisory Council, the President's Roundtable, District ELAC, District Community Budget Advisory Committee, and the Gifted and Talented Education Parent Advisory Council.

Community Involvement

Parents and the community are very supportive of the educational program at College View Elementary School. Our PTA has made generous contributions of time and money to numerous programs and activities. We are grateful for the many hours contributed by our parent volunteers. Our programs are further enriched by strong community partnerships, including organizations such as California State University Long Beach, student observers from California State University Fullerton, and Washington Mutual.

Parents are encouraged to be involved in their child's education through volunteering in the classroom, participating on organized committees, and attending schoolwide events such as Guest Reader Day, Book Fair, Annual Title I Parent Meeting, Back-to-School Night, Open House, awards assemblies, and various student performances. Parents are kept informed of school activities through regular teacher newsletters, a monthly principal's newsletter, and the school's website.

Discipline & Climate for Learning

College View Elementary School has a high standard for student behavior. Students are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. Behavioral expectations are clearly explained and consistently enforced. Parents and students are informed of discipline policies through classroom orientation, school rules assemblies, and the Parent/Student Handbook.

To create a compassionate learning environment and encourage positive behavior, we have implemented a character education program "Wildcat ROARS." Through the program students learn about the character traits *Responsibility, Obligation to Cooperate, Attitude of Caring, Respect, and Sense of Pride*. Every two months, classroom and school activities promote understanding of a character trait. We recognize outstanding students who have practiced the character traits through Super-You certificates, the Principal's Proud Board, and special recognition at assemblies. We implemented the "Kids for Character" program for fourth graders, and the "Pyramid of Success" for both fourth and fifth graders to enhance the students understanding of good character traits.

We further celebrate the good citizenship and achievements of our students through daily positive reinforcement in the classroom and at trimester awards assemblies. Students redeem their Super-You certificates for weekly treats and an opportunity for a monthly lunch with the principal. Trimester awards include citizenship, most improved, subject-area achievement, perfect attendance, creative writing, teacher's choice, and the principal's award.

Students in grades 4-5 may volunteer to be part of the school's peer mediation program and assist their peers and younger students in resolving conflicts in a constructive, non-violent manner. These conflict managers receive training from a teacher and monitor the school campus during recess and lunch periods to help identify and mediate conflicts as well as reinforce playground rules. Through the implementation of this program we have experienced a more safe and peaceful campus.

College View Elementary School has not expelled any students during the past three years; expulsions occur only when required by law or when all other alternatives are exhausted.

Instructional Programs

All curriculum and instruction in the Ocean View School District is aligned to the California Academic Content Standards approved by the State Board of Education. Every child receives a comprehensive standards-aligned core program in English/language arts, mathematics, history/social science, science, physical education, and fine arts. It is our goal to ensure that all students are provided the support they need in order to experience academic success. We structure the educational program so that all students receive instruction appropriate to their learning level. To ensure the success of every student, teachers use a variety of instructional techniques and supplemental instructional materials and programs.

Using standards-based adopted textbooks and materials, teachers are able to adapt classroom instruction to meet students' unique learning styles. When further assistance is needed for students to achieve grade level standards, several strategies are in place. At College View Elementary School, students are placed in a differentiated core reading program where they receive instruction according to their reading

level. Kids in grades K-2 receive assistance from an Early Reading Intervention Specialist. Students well below grade level participate in the Title I Intervention Program (grades K-3) and Language! (grades 4-5). Support is also offered in extended instruction after school using the Soar to Success program (grades 1-5) four days a week. In the subject of mathematics we utilize small group instruction, individual tutoring, and standards-based software to help bring students to grade level. Fifth grade students may participate in an After School Math Club.

Ocean View School District offers the Gifted and Talented Education (GATE) program to students in grades four through eight who have been recognized as capable of attaining high levels of achievement by their teachers and identified through testing programs. At College View Elementary School, students in the GATE program receive instruction with increased depth and complexity by GATE-trained teachers. Students in the GATE program also have the option of attending the magnet program at Circle View Elementary School.

For students whose primary language is not English and who have limited English proficiency, Ocean View School District offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. Students are identified as English Learners through the California English Language Development Test (CELDT). At College View Elementary School, students learning English receive 30 minutes of English Language Development daily and are placed with teachers who have supplemental credentials to provide instruction to English Learners. An English as a Second Language assistant provides small group instruction based on student needs, and two bilingual aides work in the classroom to assist students in accessing the core curriculum.

College View Elementary School provides instruction to all students in the least restrictive environment possible. Students with disabilities are accommodated with a variety of options. A team consisting of the parent, school administrator, general education teacher, psychologist, and special education teacher, develops an Individual Education Plan (IEP). The IEP defines the individualized instruction a child will receive which may include services from a Speech and Language Specialist, Occupational Therapist, Resource Specialist, Adaptive Physical Education Specialist, or placement in a Special Day Class. College View Elementary School offers a Resource Specialist Program and Speech and Language Therapy for all grade levels.

Training & Curriculum Improvement

The writing and implementation of Ocean View School District's curriculum is an ongoing process, designed to address continual instructional improvement and the implementation of state standards and associated adopted instructional materials. Under the leadership of the Assistant Superintendent of Curriculum and Instruction, the Instructional Advisory Council establishes the District's long-range objectives and vision as well as oversees eight subject area Curriculum Committees. Curriculum Committee members, comprised of administrators, teacher representatives, and parents, analyze testing data to determine students' progress in learning the standards, assess the effectiveness of District programs in meeting students' learning needs, evaluate and recommend new programs for implementation, articulate curriculum among grade levels, and develop District assessments.

As part of the growth process, opportunities for training and staff development are provided at both the District and individual school sites to administrators, teachers, and classified staff. The District offers two staff development "buy-back" days annually where staff members are offered professional growth opportunities in curriculum, teaching strategies, and methodologies. Staff development topics are developed through needs identified by the adoption of new programs and results of student assessment. Staff members are encouraged to attend conferences and workshops offered through professional organizations such as the University of California Irvine campus, the Orange County Department of Education, and the West Orange

County Professional Development Center. District technology trainers and a consultant from the county office offer supplemental training in technology.

In the 2003-04 school year, the District focus for staff training was on curriculum calibration with an emphasis on aligning instruction with state standards in reading, English/language arts, writing, and math; implementing a new science program for grades K-5; and developing strategies for working with learners of differing abilities, including at-risk learners, English language learners, and GATE students. Expert consultants from the Orange County Department of Education and DataWorks Educational Research met with teachers to align curriculum with state standards and to develop teaching pacing guides.

New teachers and teachers not yet fully credentialed are supported by peer coaching and extensive staff development through the Beginning Teacher Support and Assessment (BTSA) program. This program utilizes the District's most effective veteran and knowledgeable teachers who assist with staff development and participate in such exercises as classroom visits, one-on-one meetings, and student work reviews.

Textbooks & Instructional Materials

Ocean View School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support each school's instructional program. Ocean View School District held a Public Hearing on December 7, 2004, and determined that each school within the District has sufficient and good quality textbooks or instructional materials, pursuant to the settlement of *Williams vs. the State of California*. All students, including Special Education and English learner students, are provided their own individual textbooks in core subjects for use in the classroom and to take home to complete required homework assignments. All textbooks and instructional materials used within the District are aligned with the California Academic Content Standards and Frameworks and have been selected from the state's most recent list of standards-based materials. The District follows the State Board of Education's six-year adoption cycle for core content materials.

College View Elementary School maintains a high quality Library Media Center (LMC). All students visit the LMC on a weekly basis and have access to 10,000 books and periodicals as well as several Internet-connected computers.

The District is committed to providing state-of-the-art technology to all students. Teachers integrate technology into classroom curriculum, following the OVSD Student Technology Standards which are aligned to the National Educational Technology Standards. At College View Elementary School, each classroom in grades 3-5 has six fully-networked computers. The school uses standards-aligned software such as CornerStone Language, A+, and Tenth Planet to enhance and extend student learning. Additional technology tools available to teachers for classroom instruction include digital cameras, laptop computers, LCD projectors, and video cameras.

Textbooks*			
Subject/Adoption Year	Publisher and Series	Grade Levels

*Only core textbooks are required to be reported. A list of textbooks used for interventions, GATE, music, and Spanish may be obtained from the District Instructional Services Office.

Measures of Student Achievement

To obtain accurate and valid measures of educational progress, Ocean View School District offers students multiple opportunities to demonstrate mastery of state and District grade-level standards. Multiple measures of assessment monitor the progress of students and measure the effectiveness of the instructional program and include District assessments, state standardized tests, classroom observation, and report card grades.

In the Ocean View School District, students take a battery of District assessments four times a year -- at the start of the school year and at the end of each trimester. Assessments measure student ability in reading, writing, and math. Results are compiled into an individual Student Assessment Profile/Rubric for each child. Teachers use this information to modify instruction according to a child's needs, recommend interventions to increase the level of achievement, and monitor possible retention candidates.

In addition to District-established performance objectives, the state and federal governments have set standards for student achievement. A school's progress in meeting or exceeding those standards is measured through the results of testing and other criteria. The following sections provide an overview of tests and associated data showing the progress of students at College View Elementary School and the Ocean View School District, and a comparison of that progress to students throughout the state.

Adequate Yearly Progress (AYP)

The federal No Child Left Behind (NCLB) Act requires that all students perform at or above the proficient level on their state's standards-based assessment by 2014. To reach that goal, districts and schools must achieve Adequate Yearly Progress (AYP) by steadily increasing the percentage of students who achieve state standards of academic proficiency from year to year. Schools and districts must meet progressive Annual Measurable Objectives (AMOs) each year in order to meet the objective of a 100% at-or-above proficiency rate by the year 2014. Elementary and middle schools must achieve a 13.6% at-or-above proficiency rate in English/language arts and 16.0% for mathematics on the California Standards Tests (CST). Additional AMOs contributing to whether or not an elementary or middle school demonstrates AYP include: a 95% or above participation rate on the CST (grades 2-8) and an Academic Performance Index (API) of 560 or one point of API growth each year. Schools meeting AYP for three consecutive years may be eligible to apply for the Title I Achieving School Award.

College View Elementary School exceeded all requirements for Adequate Yearly Progress in 2004. Ocean View School District also met all requirements for AYP in 2004.

Schools receiving Title I revenue that fail to make AYP in the same AMO area (i.e. mathematics) for two consecutive years will be identified for Program Improvement. College View Elementary School has not been identified for Program Improvement in the last three years. More information about Title I and NCLB requirements can be found on the State Department of Education's website <http://www.cde.ca.gov/nclb> and the U.S. Department of Education's website <http://www.nclb.gov>.

Standardized State Assessments

Ocean View School District participates in California's mandatory Standardized Testing and Reporting Program (STAR) which utilizes the California Achievement Test Survey (CAT/6), California Standards Tests (CST), the Spanish Assessment of Basic Education/2 (SABE/2), and the California Alternative Performance Assessment (CAPA). SABE/2 is administered to limited English proficient Spanish-speaking students who have been enrolled in California public schools for less than 12 months. CAPA is administered to students with significant disabilities who are not able to take the CST and CAT/6. For more information on the STAR Program, please visit the STAR website at: <http://star.cde.ca.gov>.

California Standards Tests (CST)

California Standards Tests assess student performance on the California Academic Content Standards adopted by the State Board of Education. Performance standards identify the level of student mastery of the content standards tested and include Advanced (exceeding standards), Proficient (meeting standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards) levels. The state target for every student is to score at the Advanced or Proficient level. All school districts in the state of California are required to report their CST results in comparison to the state. In this report card, the percentage of students achieving Advanced and Proficient levels is reported.

Physical Fitness

In the spring of each year, College View Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas. Students that meet or exceed the standards in all six fitness areas are considered to be physically fit or in the 'healthy fitness zone' (HFZ).

California Achievement Test Survey (CAT/6)

The CAT/6 is a norm referenced survey test that assesses student ability in the areas of reading/language arts, spelling, and mathematics. CAT/6 scores compare students' results with scores in the same grade from a national sample. Percentile rankings range from 1 to 99, with 50 being average. **Please Note: Prior to 2003, the STAR included the SAT9 norm referenced test, which has been replaced by CAT/6. These are two different exams, developed five years apart; results from CAT/6 should not be directly compared to those from the SAT9.**

Academic Performance Index (API)

The Academic Performance Index (API) is one of three components of the Public Schools Accountability Act (PSAA) passed in 1999. The API measures school performance, sets academic growth targets, and monitors growth over time based on state testing results. The statewide API performance target is 800. A school's Base API score summarizes a school's performance on STAR testing for that year. A Growth Target is established annually by taking five percent of the difference between the Base score and the statewide target. A school's Growth score is calculated in the same manner as the Base score, but uses the following year's state testing results. The comparison between Base and Growth scores summarizes a school's progress over time.

The Immediate Intervention/Underperforming Schools Program (II/USP) and Governor's Performance Award Program (currently unfunded) are the two remaining components of the PSAA. API results determine a school's eligibility for each program. II/USP-eligible schools may apply for funding to provide the necessary resources to improve student performance. The Governor's Performance Award acknowledges those schools that demonstrate significant improvement based on several specific measures. College View Elementary School was eligible for the Governor's Performance Award in 2002 and 2003.

***Schools and subgroups with scores 800 and above have met the statewide target and are expected to maintain that level of achievement.**

Only numerically significant subgroups for each reporting period are required to be presented in this report card. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 15% of the school population tested and contains at least 30 students with valid scores.

Teacher Assignment

We take great pride in our caring and dedicated teachers. For the 2003-04 school year, College View Elementary School had 29 fully credentialed teachers in accordance with State of California guidelines.

Teacher Credential Status			
	02	03	04

Average Years Teaching	12.1	11.0	11.6
Average Years in District	10.8	9.9	10.5
<i>Data not required to be reported for these years.</i>			

NCLB-Compliant Teachers

The federal No Child Left Behind (NCLB) Act requires that all teachers in core subject areas meet specific federal credential requirements by the 2005-06 school year. Minimum qualifications include: possession of a Bachelor's Degree; possession of an appropriate California teaching credential; and demonstrated competence in core academic subjects. At the start of the 2003-04 school year, 89.3 percent of core academic classes at College View Elementary School were taught by NCLB-compliant teachers and 80.8 percent of core academic classes in the District were taught by NCLB-compliant teachers.

Teacher Education Levels 2003-04		
	College View	OVSD
Doctorate	0.0%	0.4%
Master's Degree +30*	31.0%	27.2%
Master's Degree	44.8%	38.9%
Bachelor's Degree +30*	20.7%	29.2%
Bachelor's Degree	3.4%	6.7%
<i>*Indicates additional hours above and beyond degree.</i>		

Teacher Evaluation

A constructive evaluation process is a fundamental element in a sound educational program. Non-tenured teachers are evaluated annually and tenured teachers are evaluated every other year. Evaluations are performed by administrators who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria are modeled after the Stull guidelines for teacher evaluations and include: maintenance of a suitable learning environment, attainment of standards of expected student progress, working staff relationships, professional qualities, instructional techniques and strategies, adherence to curricular objectives, and other duties relevant to the position.

Substitute Teachers

Ocean View School District employs more than 230 qualified substitute teachers, including part-time teachers, retired teachers, and aspiring full-time teachers. About 35-40 percent of District substitutes are fully credentialed; all have a minimum of a bachelor's degree, have passed the California Basic Education Skills Test, and have a 30-day substitute permit. On the rare occasion when a substitute is not available, students receive instruction from a certificated teacher or school administrator.

Student Support Services

We make every effort to meet the academic, emotional, and physical needs of our students. The school and District employ qualified personnel to provide support services. An active Student Study Team (SST) meets frequently to address issues that affect the ability of a student to perform at his or her best in school. Using a collaborative approach, members of the SST evaluate and recommend various intervention strategies and services to meet the unique needs of the referred student. For students at-risk of retention, a Monitor and Assistance Plan (MAP) is created in collaboration with the parent, student, and teacher. The plan outlines intervention strategies and the roles and responsibilities of each participant.

Counseling & Support Services Staff			
Title	Number of Staff	Days Available Per Week	Full Time Equivalent
Adaptive PC Specialist	1	As needed	-
Community Liaison	1	4	0.8
Counselor Intern	1	4	0.8
Health Clerk	1	5	0.5
Nurse	1	1	0.2
Psychologist	1	1	0.2
Speech/Language Specialist	1	5	1.0

College View Elementary School has an active School Wide Assessment Team (SWAT) in place to address students who may experience issues in maintaining appropriate behavior. The team looks at how best to address a child's social and emotional difficulties and the support that may be offered in the classroom or through counseling sessions with a psychologist or counseling intern.

School Facilities & Safety

College View Elementary School provides a safe, clean environment for students, staff, and volunteers. The District administers a scheduled maintenance program, including regular facilities inspections, to ensure that all classrooms and facilities are well-maintained and in good repair. When necessary, the District takes appropriate actions to ensure campus facilities are in good working order and provide a clean and safe environment for all members of the school community. A work order process immediately alerts District personnel of any maintenance needed to be performed and ensures that emergencies are given the highest priority. Campus grounds encompass approximately 13.7 acres. Facilities include 26 permanent classrooms, 3 portable classrooms, a multi-purpose room, library, learning center, teachers' center, administrative offices, and grassy field and blacktop play areas. All the school's exterior walls were recently repainted. All classrooms now have computer network connections, and several classrooms are equipped with white boards.

A team of custodians ensures classrooms, restrooms, and campus grounds are cleaned daily. The District's maintenance and operations department continually monitors all school sites to ensure that classrooms and facilities are well-maintained and provide a suitable learning environment. The Board of Trustees oversees a District Master Plan to ensure our schools are safe and up-to-date. In the 2004-05 school year, the District and local agencies immediately addressed and resolved the following emergency situation on campus: ant infestation. At the time this report was published, 100 percent of restrooms on campus were in good working order.

College View Elementary School is a closed campus. Signs posted throughout campus entry points direct visitors to check in with the front office. All visitors are required to register and to wear visitor badges during their stay. While we welcome visits by parents and community members, anyone wishing to be on campus during school hours should notify staff ahead of time. During lunch, breaks, and before and after school, noon duty aides, the principal, and teachers supervise students and monitor the campus.

The comprehensive Safe School Plan was developed by the District to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a school-wide dress code; safe ingress and egress of pupils, parents, and school employees to and from school; safe and orderly school environment; and school rules and procedures. The school evaluates the plan annually and updates it as needed. The plan was last updated in October 2003. Safety procedures, including elements of the Safe School Plan, are reviewed with school staff at the beginning of the school year.

School Attendance

Regular attendance at College View Elementary School is a necessary part of the learning process and is critical to academic success. Attendance, tardy, and truancy policies are clearly stated and consistently enforced. Our teachers and office manager proactively address attendance issues before they develop into further problems. In the case of chronic truancy, we contact the home with letters and telephone calls. In addition, students may be referred to the School Attendance and Review Board (SARB) for further intervention.

For each day a student is absent, \$25 is taken from the District's budget by the state. In the 2003-04 school year, Ocean View School District implemented a districtwide attendance incentive program to increase student attendance. If a school achieved an increase in its annual attendance rate, it received a monetary award – corresponding to the appropriate increase in funding from the state. The actual attendance rate for College View Elementary School in the 2003-04 school year was 95.88 percent, an increase from 95.28 percent in 2002-03.

Class Size

Small class sizes allow us to focus more attention on the individual needs of each student. We provide instruction for grades kindergarten through five in a self-contained classroom environment. In 1996, the state legislature approved implementation of the Class Size Reduction (CSR) program that provides funding to hire additional teachers to assist schools in reducing K-3 class sizes. During the 2003-04 school year, 100% of our K-3 classrooms participated in the CSR program.

	Class Size Distribution											
	Average Class Size			Classrooms Containing:								
	02	03	04	1-20 Student			21-32 Student			33+ Student		
K	20	19	19	5	5	5						
1st	20	20	18	4	5	6						
2nd	20	19	18	4	4	5						
3rd	20	19	20	6	5	4						
4th	30	29	30				3	4	3			
5th	26	26	30				3	4	3			
3-4	18	20	17	2	1	1						
4th-5th	24		26				1		1			

Instructional Time

During the 2003-04 school year, all instructional minutes offered at College View Elementary School met or exceeded state requirements. For the 2003-04 school year, College View Elementary School offered 180 days of instruction comprised of 134 regular days, 35 modified Wednesdays, and 11 minimum days. Minimum days are used for parent/teacher conferences and the last day of school. Students are released

	Instructional Minutes by Grade Level	
	Minutes Required	Actual Minutes
K	36,000	36,000
1st-3rd	50,400	50,400
4th-5th	54,000	58,410

early on Wednesdays; we use the time for staff development, teacher planning, and faculty meetings.

Expenditures & Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2002-03 school year. In 2002-03, Ocean View School District spent an average of \$6,427 to educate each student (based on 2002-03 audited financial statements).

Current Expense of Education Per Student* 2002-2003		
Statewide Average		
OVSD	All Elementary School	
	Districts	All Districts
\$6,427	\$6,542	\$6,822

Note: The California Department of Education does not release audited financial results until the spring of the following fiscal year. In order to provide valid, comparative data, all districts throughout the State use only audited J-200 financial information to comply with SARC reporting requirements.

Ocean View School District receives federal and state categorical funding for special programs. For the 2002-03 school year, the District received approximately \$1,268 per student in federal and state aid for categorical, special education, and other support programs including:

- Class Size Reduction
- Drug/Alcohol/Tobacco Education Funds
- Economic Impact Aid (EIA-LEP)
- Educational Technology Assistance
- Eisenhower Math and Science
- Gifted and Talented Education (GATE)
- Home-to-School Transportation
- Instructional Materials
- Peer Assistance and Review
- School Improvement Program
- Special Education
- Title I

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. At the time this report was published, the most recent salary comparison data from the State of California was for the 2002-03 school year. For comparison purposes, the State Department of Education has provided average salary data from elementary school districts having over 5,000 average daily attendance throughout the state.

Average Salary Information Teachers - Principal - Superintendent 2002-03		
	OVSD	State Average
Beginning Teachers	\$34,000	\$37,951
Mid-Range	\$62,487	\$61,262
Highest Teachers	\$81,285	\$74,414
Elementary Principals	\$96,409	\$94,506
Middle School Principals	\$103,556	\$94,506
Superintendent	\$146,007	\$140,715
Salaries as a Percentage of Total Budget		
Teacher Salaries	50.44%	44.63%
Administrative Salaries	5.66%	5.51%

Contact Information

Parents who wish to volunteer or participate in College View Elementary School's leadership teams, school committees, and school activities may contact Principal Susan Kemp at (714) 847-3505 or through e-mail at skemp@ovsd.org.
